The application will not be "signed" in the sense of a traditional paper document. To verify the contents of the application, the appropriate person (i.e., the individual applying, or a corporate officer or general partner of the applicant, and not the applicant's attorney) must enter any combination of alpha/numeric characters that has been specifically adopted to serve the function of the signature, preceded and followed by the forward slash (/) symbol. Acceptable "signatures" could include: /john doe/; /harry123/; and /123-4567/. The application may still be verified to check for missing information or errors even if the signature and date signed fields are left blank. For additional information, click on "Signature" below.
